(RMX News (https://rmx.news/article/russia-investigating-nike-over-lack-of-white-models-on-russian-language-website/)) While White western nations passively accept their racial replacement on their own television screens, Slavic nations are not taking this hostile takeover lying down — they are rejecting this blatant multicultural Marxist propaganda (https://christiansfortruth.com/wp-content/uploads/2019/10/Race-Mixing-Agenda.jpg) — and are poised to take legal action against companies that are attempting to impose this anti-White racial discrimination on their nations (https://rmx.news/article/russia-investigating-nike-over-lack-of-white-models-on-russian-language-website/):

A resident of Moscow has asked the Investigative Committee of the Russian Federation ***to investigate the U.S. sports apparel company Nike for racial discrimination against Russians****. The complainant, Yevgeny Smirnov,* ***found it offensive to see the almost complete absence of White models on Nike's Russian-language website****, the Ruposters.ru news site reported.*

Almost ***all models representing the brand are either dark-skinned or representatives of the "Mongoloid race****," according to the news report. The news portal indicates that* ***Caucasians, who make up the vast majority of Russian citizens, are practically nowhere to be seen on the website****. According to Smirnov, the sports apparel company* ***failed to answer his questions regarding on what principles it chooses the models****, after which the Muscovite turned to the Investigative Committee, which is the main federal investigating body in the country.*

*A review of the Russian Nike webs****ite shows that the website does indeed feature a large majority of non-White models*** *on its front page and in different apparel sections.*

*Russia's population stands at 144 million people, and only 70,000 of them Black. Russian authorities may take issue for the lack of White representation for a company that says it celebrates diversity. "****The company's policy is to impose Western values and stereotypes that are foreign to European culture in general and Slavic culture*** *in particular," RIA Novosti quoted from Smirnov's complaint to the Investigative Committee.*

Nike refused to communicate *not only with the dissatisfied consumer but also with Russian journalists. For two days, there were no answers to their requests. If the Investigative Committee* ***finds signs of equality of rights and freedoms violations*** *in the activities of the company,* ***a criminal case will be opened*** *under Article 136 of the criminal code of the Russian Federation.*

Anyone with a pulse can't help but notice that a vast majority of advertisements in the western media now feature Blacks — and other non-White "ethnicities" — in numbers vastly disproportionate to their actual population percentages.

And if Whites do happen to appear in ads, they must have a Black spouse or "partner" (https://rmx.news/article/russia-investigating-nike-over-lack-of-white-models-on-russian-language-website/) along with mixed-race children (https://christiansfortruth.com/pentagon-welcome-booklet-informs-troops-that-arabs-are-mixed-with-negro-blood/) — even White homosexual couples have mixed-race "adopted" children.

Not only are these ads genocidal in their intent — literally advocating their disappearance of the White race — they also create a completely false image of Blacks and other "people of color" — which literally puts their lives at risk (https://christiansfortruth.com/wp-content/uploads/2021/02/TV-vs-Reality.jpg).

Hungary (https://christiansfortruth.com/christian-hungary-does-not-want-a-mixed-population-pm-viktor-orban/) and the Slavic nations in Europe are still overwhelmingly White — and are far safer (https://christiansfortruth.com/adl-survey-most-antisemitic-countries-in-europe-are-also-whitest-most-christian-and-safest/) that the multicultural "vibrant" western nations of Europe where the color of violent crime is decidedly Black (https://christiansfortruth.com/category/diversity-kills/) and other various shades of beige (https://christiansfortruth.com/white-passing-jews-should-collaborate-with-other-minorities-to-help-turn-america-beige/).

But apparently, Whites in western Europe — and America — are so addicted to their televisions (https://christiansfortruth.com/wp-content/uploads/2019/10/feeney-television.jpg) that they are willing to tolerate their own replacement (https://christiansfortruth.com/wp-content/uploads/2019/10/cat-rat-meme.jpg) on the ads and show, just as long as they can continue to "binge watch" their favorite shows — all of which have anti-White content and messaging (https://christiansfortruth.com/french-general-investigated-for-inciting-hate-and-violence-after-asking-who-controls-the-media-live-on-air/).

Blacks and Arabs are being used as literal weapons of mass destruction (https://christiansfortruth.com/swedish-politician-prosecuted-for-stating-sudanese-migrants-with-65-iqs-impossible-to-integrate/) to destroy White Christian nations — and if you are wondering who — or as the French say, "*Qui?*" (https://christiansfortruth.com/french-general-investigated-for-inciting-hate-and-violence-after-asking-who-controls-the-media-live-on-air/) — would use these people to destroy Europe and the West, we merely need to listen to the words of Rabbi Baruch Efrati who candidly stated (https://christiansfortruth.com/flashback-rabbi-explains-why-jews-should-rejoice-over-islamification-of-europe/),

> *"**Jews should rejoice at the fact that Christian Europe is losing its identity as a punishment** for what it did to us for the hundreds of years were in exile there," the rabbi explained as the ethical reason for favoring Muslims, quoting shocking descriptions from the Rishonim literature (written by leading rabbis who lived during the 11th to 15th centuries) about pogroms and mass murders committed by Christians against Jews.*
>
> *"**We will never forgive Europe's Christians for slaughtering millions of our children, women and elderly… Not just in the recent Holocaust, but throughout the generations**, in a consistent manner which characterizes all factions of hypocritical Christianity…And now, Europe is losing its identity in favor of another people and another religion, and **there will be no remnants and survivors from the impurity of Christianity, which shed a lot of blood it won't be able to atone for**."*

That Jews are behind this Great Replacement is foolish to deny — they themselves freely speak out against race mixing in their own publications as a "virtual genocide (https://christiansfortruth.com/israeli-minister-declares-high-rate-of-race-mixing-among-u-s-jews-a-virtual-genocide/)."

As the prominent Jewish author, Bari Weiss, herself admitted — it's *not* a "conspiracy theory (https://christiansfortruth.com/jewish-nyt-writer-admits-jews-connection-to-refugee-flood-not-a-conspiracy-theory/)" that Jews are being massive Third World immigration — they are "proud" of it.

And Jews know — and accept — that they will be "resented" for their leading role in this Grand Replacement:

Instead of standing with the cousins in germany, american,UK,Russia,and france cousins slaughtered and destroyed germany. Reap what they sow? The earth will only get worse and no healing of the nations can occur while “jews” are elevated past their percentage.

Looks like we can certainly learn something [again] from the Russians, especially in this area!

All advertising should be made illegal. It is a jewish invention and didn’t exist in White societies before jews created it. And as we know, jews and their subversive acolytes use it as the excuse to broadcast or display mind-conditioning propaganda under the guise of promoting a product.

It's all inherently manipulative, often outright deceitful, and also stems from subversive Art movements that relied on critiquing/ deconstructing European culture.

People don't need farmers to advertise their produce to them, people need food so they go to the market and buy it, and they try out which local suppliers are the best or most affordable.

What more could be needed other than the standard, clear statements of fact?

It has all manifested as a formulaic repetition of asinine noise & bullshit that most intelligent people want to tune out for good.

The "sex sells" approach is also worth discussing on it's own, when you use beauty in such a cynical, manipulative way (like porn), it devalues & debauches beauty. What is meant to uplift, instead, is used to subliminally influence & sell shitty products- or in the case of porn, engineer societies towards vice & degeneracy, making them easier to control.

We need markets that reward genuine quality or efficiency, not cunning or willingness to debase.

The mere fact the ad depicts all blacks is a complete lack of "diversity," isn't that their holy grail? Talk about absolute hypocrisy…

“The Sinister Cabal Behind Race-Mixing Commercials”

“Just four Jewish owned mega-corporations control the vast majority of all advertising agencies. The Omnicom Group of New York, WPP of London, Publicis of Paris, and Interpublic of New York are the key corporations in the West.

The New York Times states that these companies are so powerful “they can indirectly set network television schedules and starve magazines to death or help them to flourish,” by deciding how and when to spend advertising dollars. Each company owns dozens if not hundreds of smaller agencies; Omnicom has bought over 150 firms alone.

Globalist CEO John Wren currently heads Omnicom Group. Omnicom was founded by Allen Rosenshine, Keith Reinhard, and John Bernbach, all three are Jewish and promote the exclusivity of Jews ~ but work hard to destroy ethnic-European ethnicity.”

“The War on Whites in Advertising:
A Follow-Up”

“The first thing I found when researching this one was that the advertisement was not one that the Coca-Cola Company (which own Sprite) ran in Germany or elsewhere. The commercial was, in fact, a speculative advertisement, or “spec ad.”

Spec ads are independently-produced advertisements that have not been commissioned or requested by a company. They are a way for those working in the advertising industry to boost their portfolio or win contracts with prospective employers by showcasing their skills. Spec ads are the equivalent of a “writing sample” in some ways, but can serve as a way to shift advertising trends while pushing social norms….”.
